**August 19<sup>th</sup>, 2021.**

The **World Humanitarian Day (WHD)** is held every year on August 19, to pay tribute to aid workers who risk their lives in humanitarian service, and to rally support for people affected by crises around the world. Thousands of men and women all around the world put their lives in danger working in Humanitarian causes and do it selflessly, not for ulterior selfish motives. They do not think twice before offering to work in the most poverty and illness stricken third world countries, which are often in areas of great social violence. The world Humanitarian Day is dedicated to them and for their selfless contribution.

It is celebrated to commemorate the humanitarian workers or real-life heroes who have committed their lives to help others in the most extreme circumstances around the world. On this day, we honour all aid and health workers who continue, despite the odds, to provide life-saving support and protection to the people who are in most need.

As we know the whole world continues to fight with COVID-19 pandemic and in around 54 countries aid workers are overcoming unprecedented access hurdles and problems to assist people in humanitarian crises and also further in about nine countries which have been driven into humanitarian need by the COVID-19 pandemic.

**About KLEF:**

KONERU LAKSHMAIAH EDUCATION FOUNDATION (KLEF) was established in 1980-81, as KL College of Engineering, which was upgraded to KL College of Engineering Autonomous in 2006 by UGC, and was declared as a Deemed to be University in 2009 by UGC, MHRD Govt. of India. In 2012 as a Deemed to be University the institution was accredited by NAAC with A Grade and later in 2018, was re-accredited by **NAAC** with **A++** grade. In 2019 UGC, MHRD declared this institution as **Category I** Institution. University offers the major engineering, science and humanities disciplines along with Ph.D program. KLEF has been able to build up world class infrastructure for carrying out advanced research.

**International days and weeks** are occasions to educate the public on issues of concern, to mobilize political will and resources to address global problems, and to celebrate and reinforce achievements of humanity.

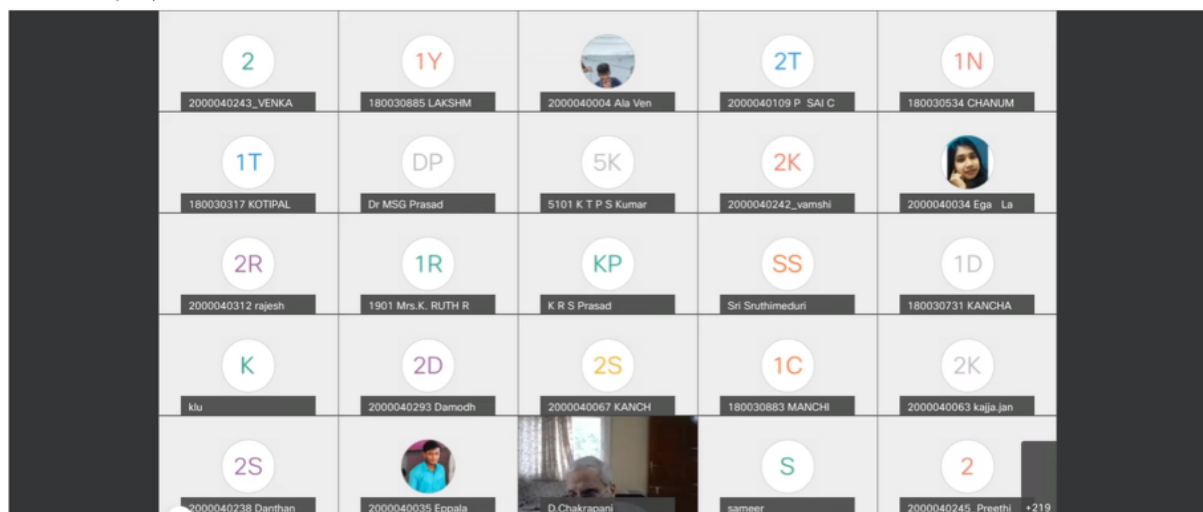

World Humanitarian Day (ప్రపంచ మానవతా దినోత్సవం) is a day , dedicated to humanitarians worldwide, as well as to increase public understanding of

humanitarian assistance activities. The day aims to honour humanitarian workers who have lost their lives or injured themselves in the course of their work and to acknowledge the ongoing work of humanitarian staff around the world.

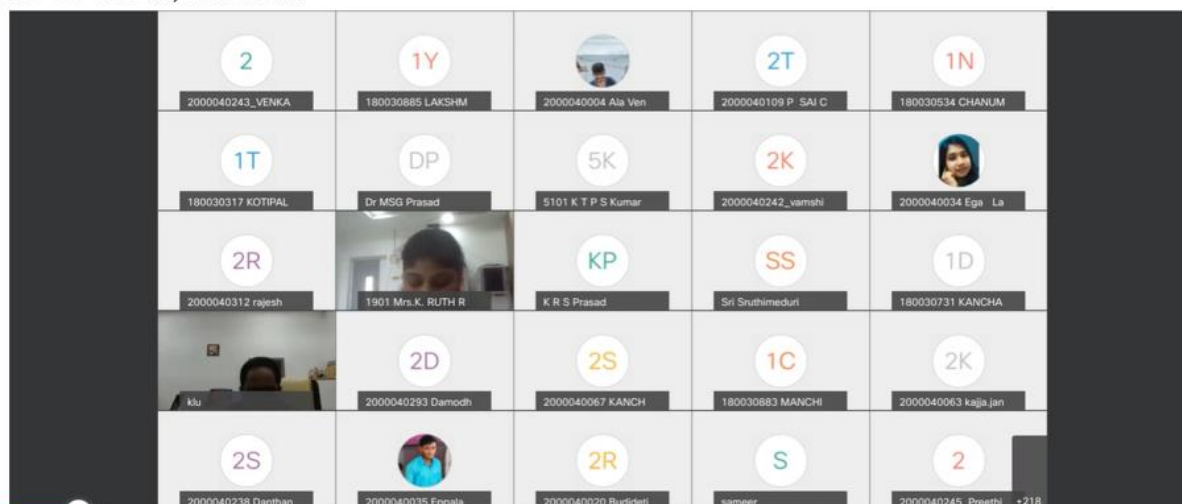

India is now part of the group of non-Western humanitarian donors which together account for at least 12 % of worldwide humanitarian aid each year.

As part of its humanitarian effort during COVID-19 times, India has despatched the hydroxychloroquine drug to 55 countries, while also sending testing kits and healthcare workers, as well as other assistance (including wheat), to countries such as Afghanistan. This assistance has been provided despite pressing domestic needs in the face of the COVID-19 pandemic and weak public health systems in many states (Kerala being a notable exception), that includes a scarcity of testing kits, shortage of health care workers, a paucity of protection gear (including masks and other personal protective equipment for health care workers), limited flow of funds from the central government to some state governments and the economic effects of a sudden and prolonged lockdown on migrant workers (leading to shortages of food, etc). In return international donors, including USAID, the **World Bank**, **Asian Development Bank** and countries such as the **UAE** have offered either medical aid or financial grants and loans to help India in its fight against the pandemic and to strengthen the health care system in the country.
