

SAHELI EVENT CONDUCTED FOR GIRL STUDENTS

DEPARTMENT OF ELECTRONICS AND COMMUNICATIONS

DT: 7-9-2012

VENUE: ROOM NO: C421

THEME OF SAHELI: To impart them in various activities and make students participate and generate their own ideas.

Topics discussed:

1. Women as an Engineer in the nation.
2. Discussions of new innovative ideas.

Events carried out:

- Pot painting
- Craft work

DR.VENUGOPAL RAO professor in ECE, DR.K.SN.MURTHY professor ECE Professor. M.S.G.PRASAD inspired us about the importance of women in india and their contribution for science and technology and they lighted the lamp of saheli activity

K .Sravya Assitant professor in ECE spoke few words regarding women rights and their determination towards research. Students had group discussion with faculty and interacted with her to know the importance of research.

Students from II,III,IV year girls participated in the events and carried out the activites .Final year students shared their experience in their SAHELI which was carried out in the past and a seminar was given by them. They also gave the importance of this events in the women forum.

The events are carried out by final year student in pot painting and II year student in crafting.The upcoming events also have been planned and dicussed.Prize disturbtions were done those who performed the event.

I thank our HOD for giving us as an oppportunity to conduct this event under women forum and make it a grand success.
