OUTREACH PROGRAM AT NEARBY SCHOOL

A labyrinthine idea can be ingrained in the minds of countless individuals when expressed using the right words in the right manner. That is the power literature has in influencing all kinds of people through the simplest terms that impact at the highest level. Such skill should be learnt by students at a young age which would help them understand its importance in conveying information with command and clarity. This would also aid students in adopting this aspect as a form of art and excel at mastering linguistics through rigorous practice and spellbinding talent as years pass. With the aim of instilling in students the spirit of literature and making them recognize its significance in the professional world, the Literature Club organized an Outreach Program at Pondugal village, Z.P. High School during the 25th July 2022 with the approval and support of Director-SAC. This endeavour proved to be a huge success as students enthusiastically took part in the activity leading them to deeply understand the mission of the program and also obtain an introductory gist of the world of literature. The efforts of the Literature Club were appreciated as many bright minds were determined to consistently pursue literature as a means of moving ahead in life in terms of knowledge and experience.
