Report on Women Protection and Law

Conducted by

K L E F Women's forum on 29th September 2018

KLEF Women's forum conducted "Women protection and Law" for the Girl students on 29th September 2018.

Resource Person : Dr. T. Naga Lakshmi, Assistant Professor
Dept of Law, K L University

Venue : Jasmine Hall

Date : 29.09.18

Topic : Awareness on Women protection and Law

The programme started with resource person Dr. T. Naga Lakshmi, Assistant Professor Dept of Law, K L University. She told that Despite of formation of various effective rules and regulations by the Indian government to handle and control the crimes against women, the number and frequency of crimes against women are increasing day by day. Women status in the country has been more offensive and dreadful in the last few years. It has decreased the confidence level of women for safety in their own country.

She also told that Women are in doubtful condition for their safety and have fear while going anywhere else outside their home (office, market, etc). We should not blame the government because women safety is not only the responsibility of government only, it is the responsibility of each and every Indian citizen especially men who need to change their mind set for women.

It is a heinous crime for a society that is operating in a severe form of oppression against women and which has been increasing with alarming proportion. Today with growing urbanisation and increasing stress and strains in daily life, domestic violence against women has been increasingly recognised as an important social and health problem in India.

Even in 21st century also Indian women are increasingly being educated and joining more and more working lives but still they are subjected to different kinds of domestic violences like wife beating, blide burning, mental and physical abuse, cruelty by husband and in-laws, marital rape, dowry death etc.

Dr. T. Naga Lakshmi told Some Tips to students Regarding Women Safety

- Self defence techniques are the first and foremost thing to which each and every woman must be aware of and get proper self-defence training for their safety. They must be aware of some effective defence techniques such as kicks to groin, blocking punches, etc.
- Generally most of the women are gifted with sixth sense which they must use whenever they become in some problem. They should at once avoid any situation which they feel bad for them.
- Women must understand and feel their physical power and use accordingly. They never feel themselves weak than men and take some self defence training.

- They should be careful while communicating with someone on internet in the cyberspace.
- They must have all the emergency numbers with them and whatsapp also if possible so that they can immediately tell to their family members and police.
- Women should be very conscious while driving the car and going to any trip. They must lock all the doors of car while travelling with own or private car.

Some Laws Regarding Women Protection:

The following various legislation's contain several rights and safeguards for women:

1. The Criminal Law (Amendment) Act, 2013 (Nirbhaya Act)
2. Sexual Harassment of Women at Work Place Act 2013, etc.
3. Indecent Representation of Women (Prevention) Act 1986,
4. Indian Penal Code (1860)
5. Gender equality and
6. Women's fundamental rights to equal protection of the laws and
7. Right to life and liberty

Felicitation for the guests is done. Vote of Thanks is given by Dr M.Sreedevi
Coordinator Women's Forum.
