No. of Participants	200 employees
Venue	#E105 , EEE block, KLU
Date	23-7-2016

Dr.Manu explained about different aspects of gynec problems which women face with special emphasis on breast cancer and self check methodologies. She said women in general feel shy to talk about their health problem and it is a big threat and sometimes simple problems may turn into deadly diseases.

Faculty and staff have interacted with the doctor and got their doubts clarified. Ms.Sudha thanked the resource person and the resource person is felicitated.
