

SAHELI ACTIVITY

DEPARTMENTS OF MECHANICAL ENGINEERING & PETROLEUM ENGINEERING

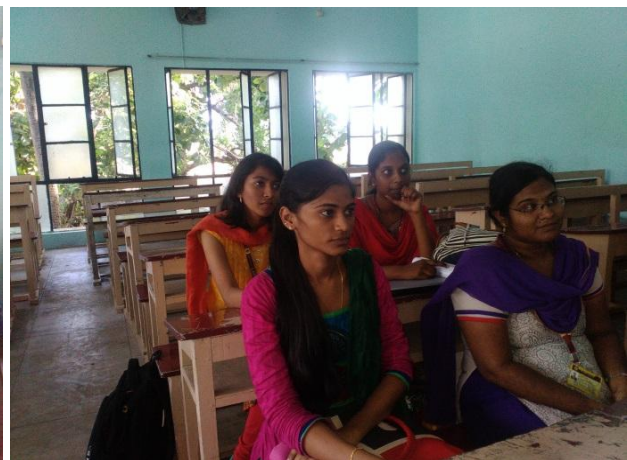

Date: 08/09/2015

Time: 3.30 – 4.45 pm

Room no. M101

All the girl students, faculty and non-teaching staff of Mechanical and Petroleum Engineering departments have gathered in room no.:M101 on Tuesday (08/09/2015) at 3.30 pm to conduct the semester's 1st Saheli activity of the departments.

Although less in number, every girl of each of these departments took active participation in the event, which included both technical and cultural activities.

The event started with a presentation by Ms. Bhavya Sri and Ms. Mounika, the 2nd year students of Petroleum engineering department. They gave a talk on “**Present educational system in India**”, emphasizing much on the difference in educational system in India as compared to the foreign universities. The students stated that the teaching and learning system should be made in such a way that more practical knowledge be incorporated in the students. At the end of the talk the other students also added their views and comments on the topic.

A group discussion was conducted on the topic “**Women Empowerment**”. Students have shared their views on how a woman has to manage her personal life as well as her professional career in order to achieve new heights in the society. On this ground, some of the students have shared their childhood experiences with their mother who is a working woman. Tanuja Alekhya, Saritha, Tanusha from II year Mechanical and Mounika and Sabeena from Petroleum branch have shared their views.

Yeshika from II year Mechanical sung a Hindi melody at the end of the event.

Women's forum faculty in-charges, Mrs. Kanthimathi (Mechanical Dept.) and Dr. Prasanna Rani (Petroleum Dept.) along with the other women faculty and staff of the departments appreciated and encouraged the girls for more and effective participation in the upcoming events. The central level and extension activities to be conducted for the current semester have also been discussed with the students and their views and interests regarding these have been taken.
