PASTING SAY NO TO PLASTIC POSTERS ON CRUCIAL PLACES OF VILLAGES

The fact that plastics or polythene bags cannot biodegrade is now widely known. They are widely used because people find them to be incredibly convenient. But everyone needs to be aware of the harm they are doing to the environment. Making the environment a clean and healthy place to live is a fundamental responsibility of each person of the nation. Saying "no" to these bags is everyone's first responsibility to adhere to the main goal. Everyone must be made aware of the risky negative impact that polythene bags have on our ecosystem. To kick off this initiative, the Director of SAC, the Head of Pharmacy, and the Women's Forum collaborated to conduct an activity that involved sticking say no to plastic posters on significant locations in villages in the 15th July 2022 to raise awareness and put an end to the usage of plastic bags.

No. of Volunteers participated: 107
