Awareness Camp on Open Defecation Free (ODF) at Kanimarla Date: 17/10/2019

Open defecation amounts to tones of faeces introduced *daily* into the environment, which regularly exposed India's children to excrement through direct contact. The risk of spreading diarrheal and waterborne diseases is compounded by the lack of regular hand washing and microbial contamination of water in their homes and communities

Here in KLEF – SVR adopted villages, the Awareness on ODF has been conducted to gather the information and to process the SVR internship program in one of the KLEF adopted village. In this students and staff are involved. Here in Kanimarla it is initiated on **17/10/2019**.

Participants: SVR team, Students, Staff
