Date: 18.03.2022

Place: Peda palem Village

Implementing solutions with technology

SAC volunteers organized an event in Pedapalem village to create awareness & implementation of Technology in the agriculture sector. Mr. Vamsi Narayana speaks about agriculture problems & solutions and also discussed about the implantation of technology in agriculture farms.

- The government has taken major steps to aid and enhance the agriculture sector with proven farming technologies and supportive policies.
- The recent evolution of digital technology in farming will further accelerate growth by ensuring higher crop yields and enhance sustainability by reducing water consumption and the use of agrochemicals.
- Saving energy especially by reducing energy consumption associated with extracting, processing, and transporting raw materials and waste could help the formers in many ways.
- Reducing and eventually eliminating the need for farm inputs and chemical fertilizers.

No. of Volunteers participated: 32
