

KL UNIVERSITY WOMEN'S FORUM PRESENTS

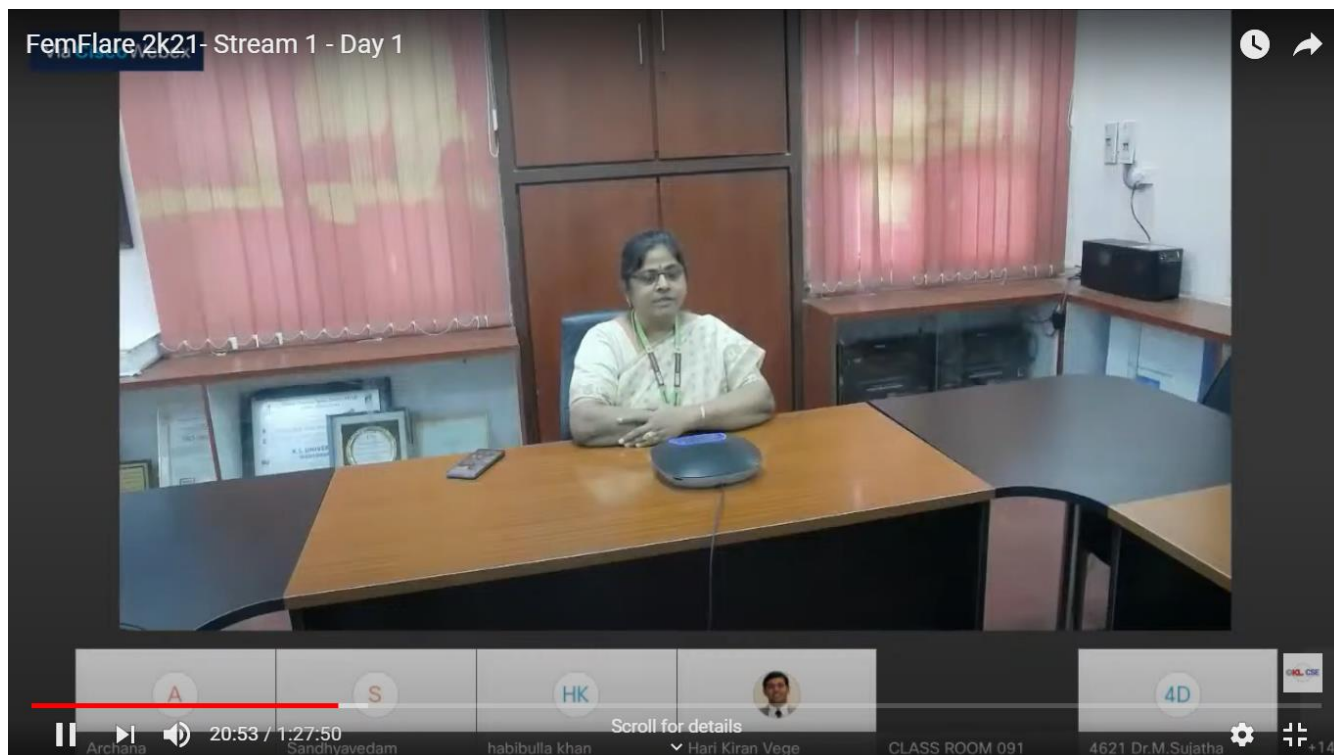

**FEM FLARE - 2021
ON 8th and 9th
MARCH 2021**

Be it in professional life or personal life, celebrating women is a sense of obligation to every woman in one's life. International Women's Day is celebrated every year on March 8. Women across the nation come together crossing all the boundaries from various cultural and ethnic groups to remember their struggle for peace, justice, equality, and development. International Women's Day is all about feeling self-worth and achieving the goals as per the potential. A Woman is somebody who claims she is not afraid of anything, looking forward to challenges each day. Women of strength show courage amid fear, declaring triumph through faith and courage. To showcase this, KL University Women's Forum successfully conducted FEM FLARE – India's largest girls fest.

The program is inaugurated on 8th March at 9:30AM in the Auditorium by the honorable Chief guest, Dr. Prathista Pandey and our Registrar Dr. YVSSSV Prasada Rao. I raise up my voice, not so that I can shout, but so that those without a voice can be heard. We cannot all succeed when half of us is held back – we students of KLUUniversity strongly believe in empowerment and self-motivating women. A Woman is somebody who claims she is not afraid of anything, looking forward to challenges each day. Women of strength show courage amid fear, declaring triumph through faith and courage. women empowerment came in like a breath of fresh air. It made them aware of their rights and how they must make their own place in society rather than depending on a man. It recognized the fact that things cannot simply work in someone's favor because of their gender. However, we still have a long way to go when we talk about the reasons why we need it. There are various ways in how one can empower women. The individuals and government must both come together to make it happen. Education for girls must be made compulsory so that women can become illiterate to make a life for themselves.

Women must be given equal opportunities in every field, irrespective of gender. Moreover, they must also be given equal pay. We can empower women by abolishing child marriage. Various programs must be held where they can be taught skills to fend for themselves in case, they face financial crisis.
