

WEBINAR ON SAFETY SECURITY AND THREAT AWARENESS

Date: 13.08.2021

Introduction

The theme of the two webinar is “**Safety, security & threat awareness**”. Webinar has started by Dr.S.V.N.L.Lalitha. Meeting started with introduction of resource persons (Ms. TANU SRIVASTAVA) she is advisory consultant IBM, WICSP Delhi chapter lead and (Ms. Swathi Sharma) Compliance lead, WICSP Delhi chapter.

A cyber predator is an adult who uses the internet to exploit children and/or teens with the intention of inflicting sexual, emotional, psychological, or financial abuse.

The screenshot shows a Zoom meeting interface. At the top, there is a header bar with a back arrow, a profile picture of Tanu Srivastava, a logo, and three circular icons labeled '2A', '1', and '1'. Below this, a name bar displays 'Tanu Srivastava', 'EEE Dept', '2000030971 Sunkara Siv', '190181035_pharmacy', and '190181034'. The main content area shows a presentation slide titled 'Cyber Predators' in blue text. The slide contains two bullet points: 'A Cyber Predator is an adult who uses the internet to exploit children and/or teens with the intention of inflicting sexual, emotional, psychological, or financial abuse.' and 'Tips to avoid this issue, avoid talking to people you do not know in person'. Below the tips, there are three sub-bullets: 'never post photos that reveal personal information (like home address, phone number, or license plate numbers)', 'never meet up with persons only known through the internet.', and an image of a man and a woman at a computer. The bottom of the slide has the text 'Image Source: assemamag.com'. The Zoom interface includes a timeline at the bottom with a play button, a volume icon, a chat icon, and a timer showing '0:40:37' and '0:54:16'. There is also a '+282' indicator in the bottom right corner.

Identity theft is the illegal use of someone else's personal information to steal money or credit.

Resource person gave a brief description on cyber hygiene, cyber predators, cyber bullying, identity theft and some general awareness tips that we have to follow while browsing and so on.

Tips to avoid Cyber predators :

If you have own email account, let your parents know if you ever receive an email that asks for your personal information. Some emails look official, as if they ask for your personal information.

Key steps for good cyber hygiene

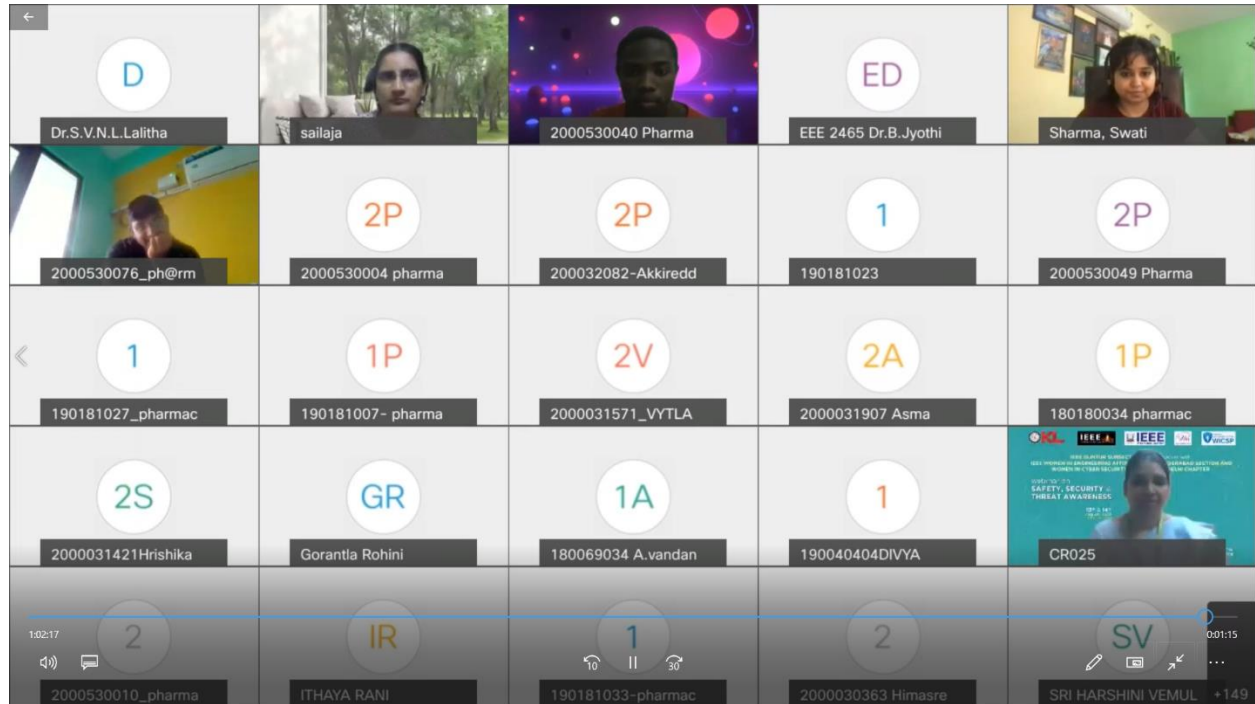

- Install** - Install reputable antivirus and malware software
- Update** - Update software regularly
- Set** - Set strong passwords
- Back up** - Back up regularly
- Keep** - Keep your hard drive clean
- Secure** - Secure your network. Do NOT connect to unsecured WiFi networks outside your home

The average age kid's sign up for social media accounts is 12.6 years. It is easy to imagine how this adds to engineering attacks. The nature of social media enables cybercriminals to target young users in many innovative and effective ways. At last she gave some points that we have to remember there are like malware, clean desk policy, passwords and authentication, social engineering, removable media, etc...

Privacy Framework

Organization for Economic Co-operation and Development (OECD) Framework	Fair information practice principles
Collection limitation	Data minimization
Data quality	Data quality and integrity
Purpose specification	Purpose specification
Use limitation	Use limitation
Security safeguards	Security
Openness	Transparency
Individual participation	Individual participation
Accountability	Accountability and auditing

Fair information practice principles
 - U.S. Privacy Act
 - OECD Privacy principle
 - Canadian PIPEDA
 - APEC Privacy Framework

On 14/08/2021 speaker gave a description about personal data, personal data life cycle, privacy protection life cycle, and gave some hints on privacy framework, and gave some technical description on other terminologies as well.

Benefits of IEEE membership

Dr S V N L Lalitha had explained about the benefits of IEEE membership. IEEE members enjoy reduced rates on many proprietary products and services including IEEE books and eBooks, journals and articles, conferences and proceedings, standards, society memberships, and continuing education courses. In addition, members have access to a variety of affinity programs that offer savings. IEEE members can access information on local events and activities by signing in to IEEE Collaborate, an integrated multi-functional platform and global network of technology-focused professionals, leveraging IEEE's extensive knowledge base and community of thought-leaders.

The image consists of two screenshots from a Zoom meeting, each displaying a 'Token of Appreciation' certificate. The top screenshot shows a certificate for **Ms. Tanu Srivastava**, an Advisory Consultant at IBM, WiCSP Delhi Chapter lead. The certificate is presented on **Aug 13, 2021**. The bottom screenshot shows a certificate for **Ms. Swati Sharma**, Compliance Lead at WiCSP Delhi Chapter. This certificate is presented on **Aug 14, 2021**. Both certificates acknowledge their participation in a 'SAFETY, SECURITY AND THREAT AWARENESS' session during an online two-day webinar organized by IEEE Guntur Subsection & IEEE Women In Engineering AG, Hyderabad Section and KLEF Women's Forum. The certificates feature logos for IEEE Guntur Subsection, IEEE Women In Engineering AG Hyderabad Section, WiCSP, and KLEF Women's Forum. The Zoom interface shows participants in the top bar and a Windows taskbar at the bottom.

Vote of Thanks

Vote of thanks was given by DR B Jyothi in which she had thanked all the participants, recourse persons, faculty members and students. She told that she had scrutinized all the technical details and wished to learn more. In this webinar total 380 students and 15 faculty members had attended this webinar. She also told that she will try to embellish the experience in future meetings. She wishes to conduct more such events in future.
