

# WORKSHOP ON QUELLING

K L University Women's forum organized Fem Flare 2K16 on 9<sup>th</sup> Jan 2016 with the theme "Strong women .....Strong World". As part of that workshop on Quelling was conducted.

Quelling is started with rolling the paper, looped, curled, twisted and otherwise manipulated to create shapes which make up designs to decorate greetings cards, pictures, boxes, eggs, and to make models, jewelry, mobiles etc. These items can all be used as thoughtfully designed gifts which many people would highly appreciate. Quelling starts with rolling a strip of paper into a coil and then pinching the coil into shapes that can be glued together. There are advanced techniques and different sized paper that are used to create 3D miniatures, abstract art, and quelled flowers among many things.

Many students actively participated in this event and enjoyed in making paper arts at CSE lobby.
