K L E F

Women education in India as education is a foundation stone for the women empowerment. Educating women results in promoting self- respect and also helps in raising the status of women. An educated woman will be aware of her rights. She can fight against social evils such as domestic violence, dowry demand, harassment at work places etc. Empowering women is essential to the health and social development of families and countries. When women are living safe, fulfilled and productive lives, they can reach their full potential. by Empowering women to economic growth, political stability and social transformation will be possible.

The KL University is very much dedicated for empowering the WOMEN. The management has constituted a WOMEN FORUM, which take care of the sociological, educational, political and psychological development of WOMEN. It provides various opportunities to develop themselves and contribute to the development of others. The forum aims at promoting and developing OPPORTUNITIES where women build their confidence and pursue their passions.

A numerous programs have been conducted on the occasion of National Girl Child Day-2022, by KL WOMEN's FORUM. All the engineering and non-engineering departments of KL university have conducted programs individually and the reports are presented in the following content.

NATIONAL GIRL CHILD DAY CELEBRATIONS

organized by

DEPARTMENT OF ECE in association with WOMEN'S FORUM, KLEF

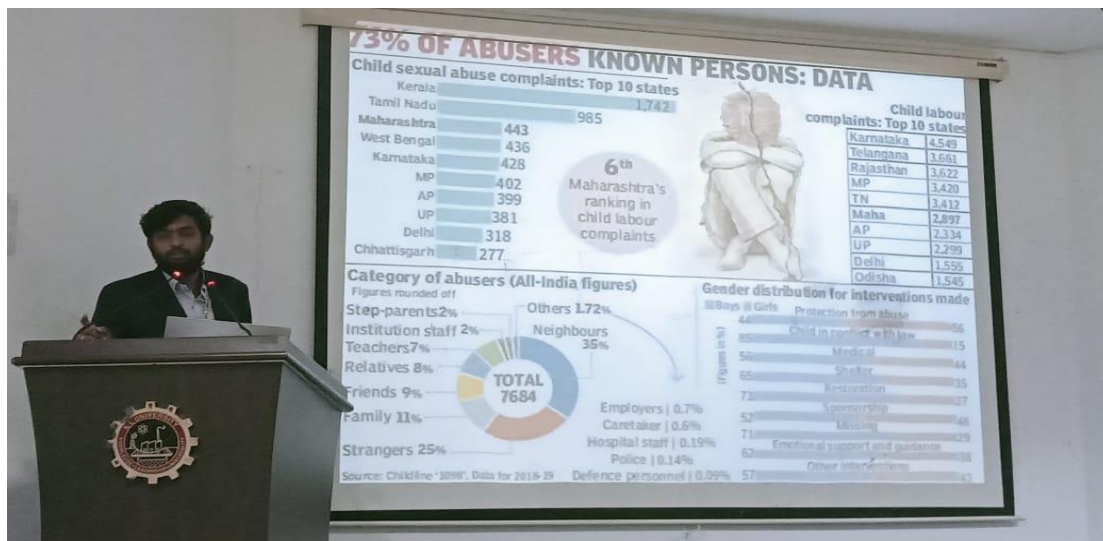

KL SHEROES TEAM, WING OF WOMEN FORUM, KL UNIVERSITY has celebrated NATIONAL GIRL CHILD DAY-2022, in collaboration with ECE Department, with the theme as “ digital generation-Our generation” On January 24 at 3pm in Jasmine Hall.

The cyber issues and crimes are increasing due to rapid digitalization of the world. Women are becoming victim of the cyber issues more. In this connection, KL University has encouraged students to develop an digital application for the benefit of girl students to get redressal of cyber related grievances. The KL BBA & LAW department students team has developed this app titled as CYBER ALERT.

On the occasion of National Girl Child Day, the training program to ECE students on how to use the CYBER ALERT APP had provided by BBA student

Mr. Sai Ashish Yaswanth. Dr.ChHanumantharao, Dean student affairs,Dr. Lalitha women forum, convenor, Dr. M Vasuja Devi, associate Dean, Student affairs, Dr. Madhukar Deshmukh, Deputy HOD, Dr.K.Soujanya ,BBA Department, K Sony, ECE Department have attended the training program, along with ECE students. The glimpses of the program are listed as follows.

NATIONAL GIRL CHILD DAY CELEBRATIONS

organized by

DEPARTMENT OF **AI&DS** in association with **WOMEN'S FORUM, KLEF**

She has also addressed gathering and aware students about the Women Empowerment. **Dr.B.Tirapathi Reddy**, HOD, AI&DS congratulated the Women's Forum for conducting such a useful program.

Participants:

Total 16 Essays were received out of 16 top 5 are selected.

Essay1:

As we all know the hard barriers which every woman from the past to current world faces... Even women or a girl child are not allowed to have a minimum proper education which they need, rather educating them many changed the path of a girl child in an incorrect manner and discriminated them without providing basic needs, they were only treated to do some daily chore activities.

Women are not given equal importance even without integrity near the work place which they start to do to have their own independent life. Woes were always treated as some living that will be depending of family men for every need.

The struggle which a woman undergoes to achieve her goals is what it determines the hardworking nature and passion for every situation irrespective to the blames which she faces around her about her strength.

Don't stop a girl child to meet her ideology and let her mentally weak by bounding her with heavy and unrealistic restrictions. Remembering many great people who taught the society about girl child's education and proved their courage, strength in many ways in many fields start.

Educating and empowering a girl child from her start ensures evolving standards in our society making it beautiful with wing full of colors.

Essay3:

Sai Shreya Goodala (2000080036)

“My mother always told me, ‘hide your face people are looking at you.’ I would reply, ‘it does not matter; I am also looking at them’.” – Malala Yousafzai

They are great female personalities from Queen Victoria, Mother Teresa to Malala Yousafzai, PV Sindhu and many more excelling in different domains all over the world. Women were not allowed to even step out of their houses in ancient India, but times are changing. Along with changing times, people’s thinking is also changing. They wish to educate their girls and see them succeed in life. We need to identify the factors responsible for such low rates of girl education to find some solutions.

There are various factors that make it impossible for girls to get an education in our country. Firstly, the poverty rate is alarming. Even though education is being made free, it still involves a substantial cost to send girls to school. Therefore, families who are struggling to make ends meet fail to pay the educational expenses of their children.

Secondly, There are not many schools in villages. Even though, children walk for hours to reach the school. This is where the safety of the girls gets compromised so parents don’t see it fit to send them off so far.

Some people still believe girls are meant to stay in their houses and look after the kitchen. They do not like women to do any other tasks except for household ones.

Other than that, social issues like child marriage and child labor also stop the girl from getting an education. Parents pull daughters out of school to marry them off at an early age. Also, when girls indulge in child labor, they do not get time to study.

Education is a vital part of a living being, whether it is a boy or a girl. Education assists an individual to be smarter, to learn new things, and to know about the facts across the globe.

Perhaps the most obvious of the advantages of female education is the potential for economic growth. Moreover, they will be decreased chance of abuse by delaying marriage and childbearing.

Essay4:

It takes two to make a quarrel so as how it needs two hands to clap.

Similarly, in the present world's scenario there is no equality found in this democratic country. Ever since we started following the constitution rules, people have been

saying women are equal to men in every instance of life but we fail to apply such statement in our daily life. Professionally people speak about women empowerment but personally none of them really cares.

Though every individual woman tries to come up with their innovative ideas, society is not in a stage to accept their thoughts. Women employment

also plays a major role in Women empowerment. The reasons for women unemployment are:

Occupational segregation.

Increased mechanisation.

The income effect.

Gender gaps in higher education and skill training.

Social norms.

Physically women may not be strong but mentally women have the power to handle any kind of emotions.

When women are living safe, fulfilled and productive lives, they can reach their full potential. Contributing their skills to the workforce and can raise happier and healthier children. They are also able to help fuel sustainable economies and benefit societies and humanity at large. Irrespective of place, people and society women can prove themselves in every field.

But remember it's well said that:

"If a woman is educated then it's said that the whole family is educated."

2000080184

2000080189

2000080106

2000080050

2000080053

Essay5:

India being updating day by day is due to the education rate it is having, which is unfortunately having maximum seats for boys.

Previously , girls are not allowed to even to think about education , but as times pass and minds change girl children are being successful with their education, start-ups, ...etc making themselves independent. But this is somehow limited as there are still some backward activities forced on women like child marriages, female infanticide, restricting girls to house hold chores...

These activities are losing the clever minds who can manage anything, which should be reduced by providing enough facilities and support to girl child. As children are restricted to go out in many villages, causing weak education rate in rural areas can be alternated with online education which might be very much comfortable for girl child even in bad times.

National Girl Child Day

In India, the 24th of January is celebrated as National Girl Child Day. The Ministry of Women and Child Development and the Indian government initiated it in 2008. The purpose of celebrating this day is to raise awareness about the rights of the girl child. All people, including the daughters, must be made aware of the discrimination experienced by the girl child in society. Every year on this day, state governments hold awareness initiatives in their respective states.

Objectives of Observing National Girl Child Day

- To promote gender equality
- Empowering women economically and socially
- To provide better future to girls
- To provide equal rights to girls to attain education
- To provide protection to women against any harassment
- To provide freedom to girls to take action against any violence
- To stop child marriages

Top 10 Government Schemes for Ensuring the Welfare of the Girl Child in India

- Beti Bachao Beti Padhao.
- Sukanya Samriddhi Yojana.
- Balika Samridhi Yojana.
- Mukhyamantri Rajshri Yojana.
- MukhyamantriLaadli Yojana.
- CBSE Udaan Scheme.
- National Scheme of Incentives to Girls for Secondary Education.
- Mukhyamantri Kanya Suraksha Yojana.

NATIONAL GIRL CHILD DAY CELEBRATIONS

organized by

DEPARTMENT OF Computer science and applications (CSA)

in association with WOMEN'S FORUM, KLEF

India celebrates [National Girl Child day](#) each year on January 24. The day is an initiative of the ministry of women and child development and focuses on the need to address the challenges that girls face in Indian society due to gender biases. The purpose of the day is also to change the attitude of society towards girls.

1. The [initiative was started](#) by the ministry of women and child development in 2008. The objective of celebrating the day is to highlight the inequalities faced by girls in the country, promote awareness about the rights of a girl child and generate awareness on the importance of girl education, health and nutrition.

2. Various events are organized all across the country to celebrate the day. To mark National Girl Child Day, the government organizes awareness campaigns under Beti Bachao, Beti Padhao (Save the girl child, Educate the girl child) scheme.

3. According to a government press release, National Girl Child day 2021 is being celebrated across the country with the objective of raising awareness on the issue of declining Child Sex Ratio (CSR).

As a part of this day Department of computer Science and Applications from K.L.University has taken right steps to promote awareness about girl child and generate awareness on the importance of education, self defence, independent healthy life by taking pledge at 10.00 am on Jan24th 2022.

Pledge:

Department of Computer Science and Applications

National Girl Child Day Pledge

I promise to commit to stop gender discrimination

I promise to protect the rights of girl child

I promise to treat our daughter's equally

I promise to empower girls for brighter tomorrow

I promise to give the importance the girls deserve.

Female feticide still remains a major problem in India. Although, new policies since the last Census and better awareness has contributed to a little improvement. Child marriage is another problem which needs to be resolved. Moreover, the increase in number of crimes against the girl child in the recent times has presented another enormous evil which needs to be annihilated as soon as possible.

Department of Computer Science and Applications made the day special by giving motivational speech to students by Principal Dr.K.Subramanyam and HOD Dr.K.Bhagavan and all the faculty made the event successful by honest participation.

The event came to the end by instructing the students as follows:
Celebrate the birth of girl child in the family and community.

- Take pride in daughters and oppose the mentality of 'Bojh' and 'ParayaDhan'.
- Find ways to promote equality between boys and girls.
- Secure admission to & retention of girl child in schools.
- Engage men and boys to challenge gender stereotypes and roles.
- Educate and sensitize our sons to respect women and girls as equal members of society.
- Report any incident of sex determination test.
- Strive to make neighborhood safe & violence-free for women & girls.
- Oppose dowry and child marriage within the family and community.
- Advocate simple weddings.
- Support women's right to own and inherit property.
- Encourage women to go out, pursue higher studies, work, do business, access public spaces freely etc.

NATIONAL GIRL CHILD DAY CELEBRATIONS

organized by

MBA, BSc HM, BA IAS departments

in association with WOMEN'S FORUM, KLEF

Nutritional awareness program has been conducted by MBA, BSc HM, BA IAS departments in association with **WOMEN'S FORUM, KLEF** on the occasion of **NATIONAL GIRL CHILD CELEBRATIONS-2022** on 24th January, 2022.

NATIONAL GIRL CHILD DAY CELEBRATIONS

organized by

DEPARTMENT OF ELECTRONICS AND COMPUTER ENGINEERING (ECM)

in association with WOMEN'S FORUM, KLEF

"A Girl child is a pride and the future of the nation.

Empowering your girl child means empowering your future."

The Department of Electronics and Computer Engineering (ECM) celebrated the National Girl Child Day to take a pledge to protect, nourish and give our best as a nation to every girl child & empower them with equal opportunities. All the Female Faculty and Students of the ECM Department wore pink dress as a significance to represent the Feminine Strength.

Later the Head of the Department Dr.M.S.G Prasad spoke on how to make every girl child proud of her role in the Nation-building. Also pledged to respect, love and take care of her and support her to achieve her fullest! As a part to encourage the Female power the Faculty of ECM Dept. facilitated T.Deepika (190050063) who stood 2nd Runner Up in the International Social Innovation Challenge **TRANSFORMERS-2021**. Female Faculty of Smt.P.S.G.Aruna Sri, Smt.S.Sridevi, Smt. K. Krishnaveni were also present.

At the end of the event the students were challenged to compete on writing a paragraph on the topic “One Moment/Experience that defines the potential of being a Girl”. All the Girl students have actively participated in expressing their views on this.

NATIONAL GIRL CHILD DAY CELEBRATIONS

organized by

NCC 10 Andhra Girls Bn Cadets, KLEF

The National Girl Child Day is Celebrated in India every year on 24th January. It was initiated in 2008 by the [Ministry of Women and Child Development](#) and the [government of India](#), in order to spread public awareness about inequities that girls face in Indian society. The **NCC 10 Andhra Girls Bn Cadets from KL University** have shown active participation in this Event.

The International Day of the Girl Child focuses attention on the need to address the challenges girls face and to promote girls' empowerment and the fulfilment of their human rights. Adolescent girls have the right to a safe, educated, and healthy life, not only during these critical formative years, but also as they mature into women.

When you educate a girl, you educate a nation.

No girl – so, no mother – ultimately no life

If effectively supported during the adolescent years, girls have the potential to change the world – both as the empowered girls of today and as tomorrow's workers, mothers, entrepreneurs, mentors, household heads, and political leaders. It is celebrated for empowering and amplifying the voices of young girls around the world. The theme for International Day of Girl Child 2021 is '**Digital generation'. Our generation'**.
